

# Apps and Integrations

You can get the most out of Quatrix by using our desktop application - Quatrix Express, or by integrating it with other enterprise apps.

- [Quatrix Express](#) - a desktop application for instant sharing of files from your PC.
- [Microsoft Office 365](#) integration for effective collaboration.
- [SSO/ADFS integrations](#) for better security and corporate data protection.
- [Quatrix for Outlook plug-in](#) for sharing important data via email in an easy and secure way.
- [MuleSoft integration](#) for synchronisation of data and automation of processes between Quatrix and third-party applications.
- [Zapier integration](#) for easy automation of your work.

Upcoming new applications:

- iOS and Android Quatrix applications for smartphones
