

getTrackingFiles

Returns all files for specified action.

Parameters

Name	Type	Description
cuuid required	string	iShare action
action_uuid optional	string	uuid of specified action
cb optional	function	callback function

Example

```
this.getTrackingFiles = function(cuuuid, action_uuid, cb){
  return _request({
    method: 'GET',
    url: '/is/tracking/' + cuuuid + '?action=' + action_uuid,
    callback: cb
  });
};
```
